

Dear Partner,

We are pleased to send you the invitation to apply to our International Staff Training Week 2015, which will be held at ISEP between the 12th and the 16th May 2015, in association with ERACON 2015.

We would like to ask you to consider and share this invitation with the staff of your institution who might be interested in joining us and widening their international activities. The staff mobility costs should fall, for example, under the Erasmus+ staff mobility action or any other financed programme.

Please submit your [online application](#) until the 20th March 2015. Applicants will be informed of the selection decision on the 2nd April 2015.

Click on this [link](#) to read and download the provisional programme and some useful information.

Do not hesitate to contact us if any further information on anything related to the arrangements of this week is needed.

Thank you in advance for your cooperation.

Our regards,

Alexandra Trincão

Head of International Office

Cooperation and Communication Division
